## Description

|                       |                                                                                   |
|-----------------------|-----------------------------------------------------------------------------------|
| Product Name          | Galectin-3 Monoclonal Antibody(5D9)                                               |
| Host Species          | Mouse                                                                             |
| Clonality             | Monoclonal                                                                        |
| Clone No.             | 5D9                                                                               |
| Isotype               | IgG1                                                                              |
| Applications          | IHC                                                                               |
| Species Reactivity    | Hu                                                                                |
| Specificity           | Galectin-3 Mouse Monoclonal Antibody(5D9) detects endogenous levels of Galectin-3 |
| Immunogen Type        | Recombinant protein                                                               |
| Immunogen Description | Recombinant Protein                                                               |
| Target Name           | Galectin-3                                                                        |
| Calculated MW         | 26kd                                                                              |
| Concentration         | 1mg/ml                                                                            |
| Formulation           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.           |
| Storage               | Store at -20°C/1 year                                                             |

## Application Details

Immunohistochemistry: 1:100-1:200

Note: This product is for in vitro research use only and is not intended for use in humans or animals.
